CONFERENCE POSTER RESOURCES

Colin Purrington's site is STEM-oriented, but a good general guide:

<http://colinpurrington.com/tips/poster-design>

Stephanie Krom focuses on humanities posters: <http://aphdigital.org/2014/05/13/poster-tips-for-humanities-conference-posters/>

More on humanities posters, from UMD:

<http://www.ugresearch.umd.edu/documents/designinghumanitiesposter.pdf>

Colorado State site has info on what to write in prep for putting the poster together (their examples aren't professionally printed but show how one might incorporate a 3-d model of a microbe, if that is of interest): <http://writing.colostate.edu/guides/guide.cfm?guideid=78>

North Carolina State U is oriented more to STEM presenters, has info on how to dress, act, etc.:

PRINT YOUR POSTER ON FABRIC!

This is an easy way to travel with your poster. Dr. Sonia Stephens showed us how! Here's the site---and it costs about \$25 to have your poster printed on fabric:
